Sebastián Matias Gatica

Full-Stack Jr Developer

Personal profile

I am an enthusiast, when it comes to learning new skills in the technological field. I want to be part of a work team, to provide great value, in solving problems, optimizing processes, using agile methodologies, ensuring a quality product, checking that the project has a web architecture with low cohesion and very high scalability.

Education

- Secondary Education Certificate
- Udemy
- Henry(Bootcamp)
- Self-taught study (documentations and free content)

Experience IT

visit my portfolio:
